1 Day Tour · 8 Hours

In this tour we will take you for an exciting off road journey. First we will stop by the beautiful waterfall Goðafoss. From there we will drive in the Bárðardalur valley and stop at Aldeyjarfoss, surrounded by majestic basalt columns. Next we will head in to the rough highland and take the old route over Sprengisandur. Laugafell is located only 15 km from Iceland's second largest glacier Hofsjökull, and in Europe's largest desert Sprengisandur. Once there you can take a bath in a natural pool in the middle of nowhere where the hot water comes right up from the ground. THE FANTASTIC WATERFALLS

Super Jeep Day Tour

Whole Year

1 Day Tour · 8 Hours

On this tour we will take you for a journey to some of the most beautiful waterfalls in Northern Iceland. The first one being Goðafoss (Waterfall of the gods). From there we will drive up the Bárðardalur valley towards the waste highlands where we will have to do a little Off-Road trailing to reach the majestic waterfall Aldeyjarfoss. The characteristic black basalt columns provide a stark contrast against the thrashing white foam, making it one of Iceland's most photographic gems. Then, Hrafnabjargafoss. This waterfall is not known by many and very few tourists ever see it. The falls spreads out over a series of cliffs and at one place it falls into a closed rock bowl. After testing our skills in the harsh highlands we make a little twist and take you on a Off-Road expedition. Return back to Akureyri.
